POLICY DOCUMENT 4

ENVIRONMENTAL POLICY

BdR operates in the fields of Civil and Structural engineering. In the majority of our projects there is, during construction and implementation, the potential to cause environmental impact. BdR recognises its ethical and social responsibilities to the environment, and will adhere to all current environmental legislation including, The Environmental Protection Act 1990, The Environment Act 1995 and subsequent amendments of these acts.

ACTION REQUIRED

In order to fulfil this commitment BdR will:

- Operate an Environmental Management System to meet the requirements of EN ISO 14001:2004
- Meet, and where possible exceed, the requirements of all applicable legislation, regulations and relevant industry standards.
- Conduct our operations in such a way as to minimise the risk of pollution.
- Enhance awareness of office based and site based environmental issues amongst staff, clients, contractors and suppliers.
- Minimise wastage of energy and materials.
- Encourage recycling and the use of recycled materials.
- Integrate environmental objectives into our overall management system.
- Introduce, maintain and regularly review systems to monitor our environmental performance.

RESPONSIBILITIES

- It is the responsibility of all staff to contribute to the achievement of these aims.
- It is the responsibility of senior management to annually review this policy.

Current Review: 08-07-2025
